CPD in Mobility – destination Finland Project

Erasmus+

KA122-SCH - Short-term projects for mobility of learners and staff in school education

CONGRATULATIONS TO ST ANGELA KINDERGARTENS

We are so proud as a school that we have been selected for an educational Finnish proposal job shadowing in Finland.

In August 2023 a group of participants from our schools will be visiting schools for a study tour in Finland to gain a blended approach through a job shadowing experience.

Thanks to Erasmus for Funding our project as we will be able to improve our teaching and learning by facing and getting to know other educational system other than Maltese by immersing ourselves in a new culture. Erasmus brings such opportunities for both students and educators

We are so looking forward to observe and participate in a variety of hands on Finnish experiences so we can implement them in our Maltese classrooms with our youngsters and adding learning to the emergent curriculum which is of high priority for children's learning. These opportunities will also help us contribute in supporting children with special educational needs with more blended interacting activities.
